**Financial Ratios**  
**For the 6 months ending December 31, 2025 & 2024**

The ratio of total current and accrued assets to total current and accrued liabilities. Measures CW&EP's short-term liquidity (the ability to pay bills). The higher the ratio, the more capable the company is of paying its obligations, as it has a larger proportion of asset value relative to the value of its liabilities.

Represents the number of days that CW&EP can continue to pay its operating expenses, given the amount of cash available. The average days cash on hand is 90-120 days, with 200 days preferable for a high bond rating.

This ratio measures CW&EP's ability to meet its current and long-term liabilities based on the availability of assets.

The ratio of total operation and maintenance expenses to total operating revenues. The smaller the ratio, the greater CW&EP's ability to generate profit if revenues decrease.

**Financial Ratios (continued)**  
**For the 6 months ending December 31, 2025 & 2024**

Represents the total dollar amount of Purchased Power as a percentage of the Electric Department's operating income.

Debt service coverage ratio is a measure of the cash flow available to pay current debt obligations. A debt service coverage ratio greater than 1 means the entity has sufficient income to pay its current debt obligations.

RE: Lift Station and Manhole Rehabilitation

Dear Mr. Bryant,

I am requesting approval to proceed with awarding a contract to Advanced Rehabilitation Technology for the rehabilitation and lining of approximately 1,254.1 vertical feet of manholes and the lining of CWEP's Lake View Lift Station.

The total cost for this project is estimated at \$449,857.74. These rehabilitation services are available under the Purchasing Cooperative of America (PCA) cooperative contract, which has been formally and competitively bid and is widely utilized by other public utilities across multiple states.

This project also includes a 10-year limited warranty on labor and materials, providing long-term assurance of quality and reliability.

I have included the detailed quote outlining the scope of materials and services for your review.

With your consideration and approval, I recommend that CWEP award this project to Advanced Rehabilitation Technology in the amount of \$449,857.74.

Respectfully,
